

Standard Operating Guidelines

Guideline 213.0 Small Unmanned Aerial Systems

Purpose:

Operation of unmanned aircraft is a complex and regulated action. Personnel must understand the regulations and proper operation of small unmanned aerial systems to conduct safe operations.

Guideline:

All City of Bryan Fire Department (BFD) members that operate small Unmanned Aerial Systems (sUAS) shall meet and maintain the criteria as set forth in the City of Bryan Fire Department Unmanned Aerial Systems Operations Manual. Furthermore, the manual governs all procedures conducted by BFD sUAS operators.

BFD conducts sUAS pre and post incident mapping, emergency scene aerial observation, search and rescue support.

Photographic and flight data shall be maintained in accordance with record retention rules and other regulations.
