

ACTIVITY REPORT

FOR JANUARY 2021

FIRE CHIEF BRUCE R. SIDERS

A Letter from the Chief

Well we made it through 2020. January has started just as usual. We responded to 30 calls for service in January, which is typical.

Most of our calls in the past few weeks have been for furnace issues. Please check all of your gas fired appliances and make sure that they are operating properly. You cant's See, Smell, Hear, or Taste Carbon Monoxide. It is a colorless, odorless, tasteless gas created from our gas-fired appliances such as furnaces, stoves, dryers, and hot water heaters. If these appliances are not maintained properly or are not working correctly, they can give off this deadly gas. Again, please take the time to get them checked before something bad happens. Install a Carbon monoxide detector in your home.

Cooking, heating, electrical, smoking and candles are still the leading causes of home fires. Please be careful when using all of these. Check your smoke detectors regularly to ensure they are working. If they are ten years old or older, it is time to replace them. If you do not know how old your smoke detector is, then the best advice is to go ahead and get a new one. Also, take the time to plan and practice your fire escape plan with your family.

As we start 2021, let us all continue good fire safety practices and have a blessed, happy, and safe 2021.

Sincerely,

A handwritten signature in black ink, appearing to read "Bruce R. Siders". The signature is fluid and cursive, with the first name "Bruce" and last name "Siders" being more prominent than the middle initial "R".

Fire Chief Bruce R. Siders

Bryan Fire Department
