

# ACTIVITY REPORT

FOR JANUARY 2024

FIRE CHIEF DOUGLAS A. POOL

## A Letter from the Chief

We began the new year fully staffed and begin to plan for apparatus upgrades. At the end on the month we once again have a full time vacancy to fill. Unlike last year we have a robust part time roster to temporarily fill the vacancy.

Working smoke detectors provided early detection of a fire in January. The early alarm alerted the occupants. Early action by the occupants, and closed doors helped to limited the fire spread. Despite poor winter weather driving conditions, we were able to contain the fire to the room of origin.

Check your smoke detectors at least monthly to make sure they function.

Sincerely,

A handwritten signature in black ink, appearing to read "D. A. Pool". The signature is written in a cursive style with a large, stylized initial "D" and a circled "P".
